- Navy/ Marine Corps Traffic Safety Summit
- Military/ Civilian Community Partnership

PMV Initiatives:

- Driver History Profile Initiative
- Smith-System Driver Training
- Daytime Running Lights
- Motorcycle Skill-Enhanced Rider Course
- Mentorship
- Driver training continuum

ORM way ahead:

Task	Start	End	Comments
Schedule ORM Application & Integration Course for Fleet	25-Jan-06	10-Feb-06	Proposed TSI A&I course schedule for fleet concentration areas forwarded to TYCOMS for chop. Plan 13 sessions in FY-06 - more if additional funding comes available. Plan to publish schedule by 10 Feb. Working with TSI and NETC.
Coordinate with NPDC	8-Feb-06		Meeting with NPDC to continue planning for STC. Will discuss link to 5 vector model, ownership, funding, and what we want fleet to get and at what point in their career.
Revise ORM Instruction	15-Feb-06	TBD	Revise OPNAV ORM Instruction to give better guidance on unit requirements, incorporate STC initiatives, map roles of ORM SME in the unit and regarding required education/training.
Force/ TYCOM VTC Update	Late Feb		Conduct Face-to Face/VTC with operational commands to discuss progress on ORM. Present results of meeting with NPDC.
Revise ORM Online Education Modules	TBD		On-line Courses are hard to locate, hard to conduct to completion, and lack rigor.
NSC Assume Management of TRACS	Mid-Feb		NSC will assume management of TRACS and serve as the warehouse for ORM Best Practices.

Naval Safety Strategy Goals

- Enhance Naval readiness by sustaining and preserving the fighting force through the prevention of mishaps
 - by end of FY 2008, reduce mishaps by 75% from FY 2002 baseline.
- Engage leadership at all levels
 - to establish a positive organizational culture based on understanding that safety is a readiness and force multiplier.
- Imbed safety and risk management principles into all levels of policy, operations, acquisition, training, and education.
- Employ accountability mechanisms to foster a more vibrant safety climate
 - centered on readiness, mission accomplishment and mishap prevention.
- Leverage new technologies and best practices
 - to support mishap prevention
- Link safety requirements to resources and prioritized safety initiatives based on their Return on Investment (ROI) and scope of impact.

Naval Safety Strategy

- NSC Staff drafting POA&M
- POA&M Rough will be chopped through your staffs
- Deadline is 31 March brief to SECNAF
- Brief to FFC, VCNO, and CNO prior to 31 Mar
